*"Mr. Bentley's in coach. But he likes his GE Silver Signature recorder to fly first class."*

## GE Introduces The Silver Signature Collection

Three classy new GE cassette recorders, designed to look just as terrific on the outside as they work on the inside.

There's our new Ultra-slim Recorder in either the horizontal or vertical format. Both are as slim and elegant as your stock portfolio, so they'll take up no more room at all in the glove compartment of your Asti Spumante.

Both have built-in condenser mikes and automatic level controls, to capture every whisper of the Countess's breathless proposal. And digital tape counters to make it easy to find your brilliant disproof of Kislov's Second Theorem.

And if you need something even smaller, there's our new two-speed Micro Recorder. It travels in your pocket, so it's always ready to let you practice your Sanskrit or dictate an errant brother-in-law

out of your will. And it runs on AC or batteries (re-charge pack optional).

The GE Silver Signature Collection. Whichever model you choose you'll be getting top-notch performance in a package so small and classy-looking, you're liable to be called in for a tax audit.

For additional information, write General Electric Co., E.P. Bldg. 5, Rm. 139, Syracuse, NY 13221.

# Announcing New Extra Strength Excedrin.<sup>®</sup>

**Headache relief that goes as far as it can go.**

New Excedrin is a brand new extra-strength pain reliever. It gives you unsurpassed strength with a combination of the two most powerful pain relievers you can buy. And then adds a third ingredient that may make them both work even harder on headache pain. In new capsules and new tablets.

**Nothing you can buy is stronger  
or works harder on your headache.  
Absolutely nothing.**

## Would you sign up for a lifetime course in applied Christianity?

Our course will take you deep into the Third World, to some of the most depressed and oppressed places on earth.

To God's Country.

As a Maryknoll Missioner, you can share the love of God with these, His people. You can bring them hope and peace and dignity

You will practice some very practical Christianity, too. You might set up adult education classes, show a starving farmer how to improve his crop, or a struggling worker how to improve his lot. Most of all, you will share the Gospel of Jesus Christ.

You will learn and keep on learning the rest of your life. You will learn and share their language, of course. But also their culture, traditions and, yes, their religion. You will learn the quality of joy that can only come from doing unto others, because all the while you give yourself to their lives, they give meaning to yours.

Call: TOLL FREE (800) 431-2008 and ask for Father Harper.  
New York State residents call: (914) 941-7590.

Please tell me more about a lifetime career as a Maryknoll Missioner.

### EXAMINATION GIVEN

\*Classes meeting one day a week for at least two hours will have their examination during the examination week at the time the class normally meets.

No examination may be given at a time other than the one listed above except with written permission from the department chairman and the college dean.

Examinations for classes which meet at an hour not included in this schedule (e.g., 9:30 MWF) should be given at an hour as close to the scheduled hour as possible. (The examination for a class meeting at 9:30 MWF may be given at the time scheduled for either a 9:05 MWF class or a 10:10 MWF class.)

## COURSE NUMBER SYSTEM

Courses are numbered according to the following system:

1000-1999	Courses primarily for freshmen
2000-2999	Courses primarily for sophomores
3000-3999	Courses primarily for juniors
4000-4999	Courses primarily for seniors
6000-9000	Courses open ONLY to those students fully admitted to the Graduate School

### COURSE LOAD LIMITATIONS

	UNDER GRADUATE	GRADUATE
Minimum semester hours for full time	12	9
Maximum semester hours course load	18*	15

\*This does not include the required physical education activity course.

### IMPORTANT NOTICE FOR ALL REGISTRANTS

All persons registering for courses need to be aware of two procedures that went into effect with the 1980 fall registration.

- (1) No person will be allowed to enter the Registration Center while owing any money to the University. Everyone attempting to register will be checked for any outstanding fees or fines. Those persons having an outstanding indebtedness to the University must clear these obligations before attempting to enter the Registration Center.
- (2) Any person placing his/her registration materials in the Referral Center will be made aware of the date and time they need to return to claim these materials. After that time, any class cards left with the Referral Center will be returned to the various academic departments.

## ADMISSIONS PROCEDURES

New students planning to enroll for any credit course or on an audit basis must be formally admitted to the University. Admission to the University must be fully cleared before any registration is authorized. Any non-Tennessean who resides more than 150 miles from the University must file an application for admission or readmission prior to December 1, 1980. Anyone failing to do so cannot be assured of being considered for admission. Any student who meets admission or readmission requirements after that date, cannot be assured of registration before the first day of classes.

### New Applicants

Applications for admission, detailed instructions concerning admission procedures, and regulations for all student levels may be obtained in the Admissions Office, Room 215, Administration Building. After 4:30 p.m. and on Saturday mornings, these may be obtained in Room 167, Administration Building, or by telephoning 454-2398.

### Former Students

A former student is defined as a student who (1) has previously been enrolled at Memphis State but (2) was not enrolled during the previous semester. Undergraduate or graduate former students desiring to be readmitted may obtain an application for readmission from the Office, Room 167, Administration Building. Former undergraduate students entering Graduate School are not "former students" for readmission purposes. They are new graduate students who must be properly admitted to graduate school as new students.

Graduate students who have not attended Memphis State in the past 5 years or longer must apply for readmission at least 3 days prior to Graduate Registration in order to complete registration on time.

### Transferring Credit to MSU

In order for completed additional course work to be transferred from another university and recorded on the student's permanent record, the student must request that an evaluation of the additional course work be completed by the Transfer Affairs section of the Admissions Office. After the student has been admitted as a regular undergraduate, whether he is a beginning freshman or a transfer student, it is recommended that he consult with his adviser or the Transfer Affairs section of the Admissions Office if he anticipates enrolling at another college or university for the purpose of transferring credit to Memphis State University.

### Residency Classification

All determinations concerning classification of in-state and out-of-state students for fee-paying and other purposes are made in the Office of Admissions. The determinations are based on the regulations and guidelines of the State Board of Regents. Copies of the guidelines and regulations used in the classification of students for fee-paying purposes are available in the office of the Admissions Adviser for Residency.

### Persons Over 60 Years of Age and Totally Disabled Persons

Persons suffering from a permanent disability which totally incapacitates such person from working at an occupation which brings him an income, and persons who will become sixty (60) years of age or older during the academic semester in which such persons begin classes, and who are domiciled in Tennessee, may AUDIT courses at Memphis State without paying tuition charges, maintenance fees, student activity fees, or registration fees. Admission to AUDIT will be limited on an individual classroom basis according to space availability.

Any person who is totally disabled, and persons who will become sixty-five (65) years of age or older during the academic semester in which such persons begin classes, and who are domiciled in Tennessee, may enroll for courses for credit at the cost of \$9 per semester hour, not to exceed \$75 per semester. The University Health Services shall examine certification of permanent disability (not the applicant) and determine the eligibility of the applicant under this legislation.

Inquiries concerning these programs may be addressed to the Records Office, Administration Building, Room 115, or telephone 454-2671.

## REGISTRATION PROCEDURES

### (1) CONSULTING WITH ACADEMIC ADVISER Current Students

Current Memphis State University students are encouraged to see their academic advisers well in advance of registration,

preferably during the preceding term when ample time can be given for general academic advising including assistance in selection of courses for the ensuing term. This is not always possible for new and returning students and for some current students. However, all students are required to have a class schedule with an adviser's signature prior to entering the registration center.

To find where an adviser will be located for assistance in class scheduling, go to the Adviser Locator Station in the Packet Center located in the Old Cafeteria of Jones Hall, when it is open, and in the Late Registration Center, during the late registration period. Please consult the registration calendar for dates and times these Centers will be open.

*During scheduled evening hours of late registration, advising is available in the Late Registration Center. During the day (8:30 am-4:00 pm) academic advising occurs in the academic department. Faculty advisers are generally available except when they are teaching. Assistance in locating an adviser may be obtained in the Office of the Department Chairman or in the Late Registration Center.*

### **Handicapped Student Registration**

A preferred registration procedure is provided for some disabled students to allow them reasonable opportunity to schedule around special disability-related needs and to eliminate the architectural inaccessibility of the regular registration process. Those eligible for this service include students with mobility impairments, their personal care attendants and others who need special scheduling to accommodate medical or educational needs arising from a disability.

Handicapped Students Registration is begun prior to regular registration. Students using this procedure should see their adviser, complete the "Student Schedule" form in full and take it to the Coordinator of Handicapped Student Services well in advance of the beginning of regular registration. A duplicate of the schedule will be made, and the class cards will be pulled for the students prior to regular registration. Each student's class cards will be placed in an envelope marked with his name. These envelopes will be held in the late registration center.

The student may pick up the reserved class cards and complete the remaining registration procedures anytime during Late Registration. Students who have cards reserved in this manner will not be charged a late registration fee.

For further information and specific details please contact Coordinator of Handicapped Student Service, Room 215, Scates Hall or call 454-2880.

### **New and Readmitted Students (Undergraduate)**

Freshmen and transfer students registering for the first time should attend a new student orientation session at which information concerning the registration and advising process will be given. (See Registration calendar for date and time.) All new freshmen students and transfer students without an academic major will be assigned to the Academic Counseling Unit, located in Scates Hall, and should go to the unit immediately after admission to the University to request the assignment of an adviser. This should be done prior to the new student orientation session. Students who have not seen an adviser will be assigned one during the orientation session.

Students who have been readmitted and have selected a major should contact the department of their major for the assignment of an adviser. Readmitted students without a declared major should go to the Academic Counseling Unit. This should be done in advance of the first day of registration.

### **New and Readmitted Students (Graduate)**

New Graduate School students are directed to an adviser following their admission. Students who are classified as Graduate Special or Graduate Provisional, should go to the Graduate School Office, Room AD 315, for an adviser. An orientation session for new graduate students is held on the morning of graduate registration.

Readmitted graduate students having a major should contact the department of their major for the assignment of an adviser. Readmitted graduate students not having a major should contact the Graduate School Office for an adviser.

### **New and Readmitted Students (Evening)**

New and readmitted evening students should secure required information about registration and advising in the Evening Academic Service Office, Room AD 167, telephone 454-2398. Graduate students attending in the evening should follow the procedures outlined under "New and Readmitted Students (Graduate)" above.

### **Unclassified, Special Undergraduate, and Audit Students**

Undergraduate students who are unclassified, special undergraduate, or audit go to the Academic Counseling Unit, Scates Hall. Evening students in these categories go to the Evening Academic Services Office, Room 167, Administration Building for advising assistance.

### **(2) OBTAINING REGISTRATION MATERIALS**

The registration packet consists of four basic materials: (1) "Student Information Form," (2) "Registration Appointment Card," (3) "Registration Receipt," and (4) a permanent ID card.

### **Current Students**

Registration materials are mailed to the permanent address of all students currently enrolled, with the exception of those students suspended for academic reasons, those who are on academic probation, and those who have holds placed on their packets by a University office. When a hold is released, the student is given a release card which tells where and when to secure his packet.

### **New and Readmitted Students**

New and readmitted students who have cleared all admission requirements at the time registration materials are prepared, receive their materials by mail. Students not clearing in time to receive their materials by mail are given a chance to obtain materials before the actual day of registration and receive instructions on how to accomplish this.

### **(3) SECURING CLASS CARDS**

Students having their "Student Schedule," permanent ID card, and registration materials, are prepared to enter the Registration Center to obtain class cards and to pay fees.

**Registration appointment times** — Enter the Registration Center on the date and time printed in the upper right hand corner of the "Registration Appointment Card." Registration priority is based on cumulative hours earned. The student may enter at any later day time after his day appointment time or at any later night time after his night appointment time.

## REGISTRATION PRIORITY

Since all students cannot register at the same time, it is necessary to establish priorities in the assignment of registration times. Registration priority and the registration appointment times appearing on registration materials are based on the number of cumulative hours earned.

Registration materials must be prepared before the end of the term that immediately precedes registration. Appointment times do not reflect hours earned during the current term. For example, registration times for the spring semester are not affected by hours earned during the fall semester.

Registration priority and associated registration appointment times cannot be based on the need to work because such a large number of students do work. No practical or equitable way exists to administer a priority system on the criterion of a student having to work.

Unclassified students will be awarded registration appointment times on the basis of hours earned at Memphis State University only.

Seniors not holding an undergraduate degree who are taking degree credit courses have priority over special undergraduate students (those who hold degrees) when enrolling for undergraduate credit courses.

## Special Courses

**Credit/No-Credit Courses** — Certain students, with permission from the dean of their college, may elect to take some courses on a credit-no-credit basis. Details are found in the undergraduate *Bulletin*.

Procedures for registering are as follows: (1) Obtain permit form from academic advisor, complete information on the form, and secure advisor's signature; (2) Get permission of the dean of their college; (3) Go to the office of the chairman of the department in which the course is taught and secure his approval; (4) Obtain "Class Card Request" form; (5) Take completed permit form and "Class Card Request" to the Registration Center at the appointed registration time.

**Audit Courses** — The student must: (1) Obtain academic advisor's approval; (2) Go to the department in which the course is taught and pick up the "Class Card Request" form; (3) Take the "Class Card Request" to the Registration Center at the appointed registration time. Fees for audit courses are the same as for credit courses. Further details on audit courses are found in the undergraduate *Bulletin*.

## Late Registration

Students registering during the day at the Late Registration Center must go to departments to obtain class cards. Cards are at the Center during evening late registration hours.

## ID CARD

**ALL STUDENTS MUST OBTAIN A PERMANENT MEMPHIS STATE UNIVERSITY ID CARD BEFORE THEY WILL BE ALLOWED TO REGISTER. THIS INCLUDES PART-TIME STUDENTS, EVENING STUDENTS, UNCLASSIFIED STUDENTS, ETC.**

The University issues to each student an identification card which bears his photograph, social security number, and certification that he is enrolled as a student in the University. New students will be given information concerning ID cards in their information sessions. The card is required for registration, the borrowing of library books, and other purposes. The card remains the property of the University and will be surrendered upon the request of a University official.

A current student who has lost his or her card may obtain a replacement from the Dean of Students Office, Room 208 Scates Hall. A student will be charged \$10.00 to replace a card that has been damaged, stolen, or lost. A charge of \$2.00 will be made to make any change in data on a card. Students unable to obtain an ID card at an off-campus or special registration must go to the Records Office to have one made.

Part-time students who are enrolled for at least six semester hours of credit courses will be given full-time ID card validation. ID card validation of full-time is for student activity purposes and does not necessarily constitute a full-time academic load.

For information concerning the number of hours required for a full-time academic load, consult the Memphis State University Bulletin.

A credit hour load equal to one-half of that for the minimum full-time credit hour load qualifies as half-time academic load.

## (4) PAYING FEES

**Students should not enter the Registration Center unless they are prepared to pay fees. Registration is not completed until fees are paid.** Students receiving VA assistance are expected to pay fees in full. Students holding scholarships, student aid, or billing authorizations for this term should stop at the "Scholarship" or "Authorized Billing" stations in the Fee Payment Center. Students will not have their names placed on the class rolls until after all fees are paid.

**Students may not register until all outstanding financial obligations have been cleared.**

## Returned Checks

It is expected that a check given the University, for any reason, will clear the bank on which it is drawn. A \$5.00 service charge will be assessed for each returned check whether given in payment of any fee or cashed by the University for the convenience of the student. Check cashing privileges will be revoked for any student who has had checks returned by his bank more than once within a twelve-month period.

## FEEES AND DEPOSITS

### Application Fee

Each student submitting an application for admission to the University must pay, at the time he submits his first application, a one-time non-refundable fee of \$5.00.

### Maintenance Fee

All students, whether resident or non-resident, pay a maintenance fee. Students paying the fee for six or more hours are entitled to admission to home athletic events and certain health services, concerts, plays, social and other student-sponsored activities, and a subscription to the student newspaper, *The Helmsman*.

### Summary of Course Fees for Fall Semester

	In State	
	Per Hour	Maximum
Undergraduate	\$26	\$278
Graduate	32	323
Law	32	346
	Out-of-State*	
	Per Hour	Maximum
Undergraduate	\$79	\$890
Graduate	85	935
Law	85	958

\*Out-of-state student fees include a maintenance fee which is charged each student plus an additional \$53.00 per hour or \$612.00 maximum for out-of-state students.

Fees for audits will be assessed on the same basis as fees for credit courses. Courses offered between terms, for concentrated periods during a term, or at specific locations, may be subject to fees on a per-hour basis only.

### Activity Fee

All students enrolled for one credit hour or more will pay a \$1.00 Student Activity Fee. The amount is \$1.00 regardless of the total number of hours for which the student is enrolled. There is no activity fee during the summer terms.

### Tuition

Students classified as non-residents are charged an additional \$53.00 per semester hour not to exceed \$612.

The Office of Admissions and Records is charged with the responsibility of assigning a residency classification to each student using regulations provided by the Board of Regents. The student may appeal the decision to the Committee on Residency. Residency regulations of the Board of Regents and information on appeals procedures are available in the Office of Admissions and Records.

### University College Fees

In addition to their \$5.00 application fee, students who apply to the University College must pay a screening fee of \$15.00, which is non-refundable. If accepted into the University College, the student must pay a non-refundable contract-advising fee of \$25.00.

Students who apply for credit for experiential learning will pay \$15.00 per credit hour granted after evaluation of their learning and assignment of credit. For those students who are enrolled under a group contract, no more than a maximum fee of \$90.00 will be assessed for credits assigned under the terms of the group contract.

### Courses in Applied Music

The fee of applied music shall be \$30.00 per semester for each one-half hour lesson.

### Music Locker Deposit

Music students are required to have a locker for storage of University-owned musical instruments or equipment. Personal instruments may also be stored in lockers. A deposit of \$3.00 for one semester or \$4.00 for two semesters is required on each locker issued. This deposit, less a service charge of \$1.50 per semester, will be refunded upon return of the lock. Students will be expected to pay for any damages.

### Automobile Registration

Each person who expects to operate and park any motor vehicle on the campus must pay \$5.00 for an official permit, valid from September through August, and register the vehicle in the Security Office (Room 151, Administration Building). A reduced fee of \$4.00 is charged for vehicle registrations after January 1, and \$2.00 after May 1. Proof of ownership must be presented when registering the vehicle. Residence hall occupants should ask for a special resident decal when registering their automobiles.

### Air Force ROTC Deposit

A uniform deposit of \$10.00 and a \$5.00 activity fee are required of each student who enrolls in the Air Force ROTC program. The uniform deposit, less charges for uniform loss or damage, will be refunded at the end of the academic year or at the beginning of a semester in which the student is not enrolled in the ROTC program.

### Laboratory Deposits

Certain courses in chemistry require breakage deposits from \$10.00 to \$20.00 per semester, depending upon the course. Any unused portion of these deposits will be refunded.

### Physical Education Locker and Towel Fee

Students enrolled in physical education courses must pay a fee of \$4.00 for the locker and towel issued them. Students must provide their own lock.

### Late Registration

Students who do not complete registration (including the payment of fees) during the official registration period will be charged \$10.00 for any late registration following the official registration period.

### Adding and Dropping Courses

A fee of \$5.00 will be charged for each change of course form processed, regardless of the number of course or section changes included on the form.

### Transcripts

There is no fee for transcripts. However, the student will be charged \$1.00 for each official transcript over the maximum of five (5) per request. Transcripts are issued only at the request of the student in person or by letter. No transcript will be provided for a student who has any unfulfilled obligation to the University.

### Diploma Fee

Each candidate for a degree from Memphis State University pays a \$20.00 fee to cover cost of the diploma, rental of cap and gown, and incidentals connected with the commencement exercises. This fee must be paid thirty days before graduation.

The listing of these fees in this publication does not constitute a contract between the University and the student. As a condition of registration, each student will pay the fees in effect at the time he or she registers. Fees are subject to change without notice. Persons over 60 years of age and totally disabled persons should refer to the sections of this publication covering their registrations.

## STUDENT FEE REFUND PROCEDURES

### Maintenance Fees, Out-of-State Tuition, Music Fees

The following refund percentages apply to students who withdraw from the University or who drop to an hourly load below full-time:

1. 100% Refund: A full (100%) refund of fees will be made for courses cancelled by the University.
2. 75% Refund: The University provides a 75% refund of enrollment fees beginning at the moment of registration and extending for a period of time as noted in the term calendar for the semester.
3. 25% Refund: A 25% refund of enrollment fees is provided after the expiration of the 75% refund and concludes as noted in the term calendar for each semester.
4. 100% refund in case of death.

If a student withdraws during the 75% period, all of the student activity fee is refundable. There is no refund of the student activity fee after this period.

The University refund policy is based entirely upon the official date of the withdrawal or change of course which would result in a refund. Refunds beyond the specified date or percentage cannot be made for reasons such as employment conflicts, health or medical problems, moving out of town, or other reasons which are beyond the University's control or responsibility.

Note on the term calendar in the *Schedule of Classes* that the refund period ends earlier than the final deadline for dropping a course or withdrawal.

Refunds will be processed beginning approximately two and one-half weeks after classes begin and usually should be completed five weeks after classes begin.

### Appeal Procedures for Fees and Refunds

A student may appeal the assessment, application, calculation or interpretation of any University fee, charge, deposit, or refund, or any University action connected with fees and charges. Questions should generally be discussed with personnel in the Bursar's Office. If a student is not satisfied with the resolution made by the Bursar's Office, a written appeal, on forms available in the Bursar's Office, can be made to the Director of Finance; his determination may be appealed to the Vice President of Business and Finance; and his determination may be appealed to the President of the University. Traffic fines are subject to a separate appeal procedure.

### Credit by Examination or Placement Examination

The fee for taking an examination for credit is \$15.00 minimum and an additional \$5.00 for each credit hour over three; this fee must be paid prior to the examination. The same fee must be paid when an application for credit is made under the Credit by Placement Examination policy.

## (5) CHANGING ENROLLMENT STATUS

### Change of Course

After a student's registration is complete, he may change his

class schedule by adding and/or dropping courses. APPLICATION FOR PERMISSION TO ADD OR DROP COURSES BEGINS WITH THE ACADEMIC ADVISOR. Time limits for add/drop are outlined in the semester calendar. A fee will be charged for each change of course application before it is processed. There is no charge for a change made as a result of the University cancelling a course.

Permission to add or drop a course after the deadlines shown in the calendar must be approved by the appropriate college dean.

Students who wish to discontinue attending and who are enrolled in one course only must withdraw, not drop the course.

**Schedule conflicts** — Each student is responsible for preventing conflicts in the scheduling of his classes. Students should check each class card which they are issued to insure that the course and section numbers, time and credit agree with what they requested. Students will be assessed a "change-of-course" fee if it is necessary to make changes because of a scheduling conflict or because of having the wrong class card. Students should be careful to check the schedule for course offerings that might have been changed. Up-to-date information may be obtained during registration.

The University does not guarantee that the instructor listed in the Schedule of Classes will be the one to teach the course, and no fees will be waived accordingly.

University policy prohibits the waiving of the change fee when a course section has closed and later reopened. The University reserves the right to cancel courses or sections.

### Withdrawal Procedures

Students may withdraw from the University by contacting the appropriate University official. ID's must be turned in to be invalidated.

- (1) Undergraduate Students—the Center for Student Development, Room 120, Scates Hall
- (2) Evening/Saturday Students—the Dean, Evening Academic Services, Room 167, Administration Building
- (3) Graduate Students—the Dean of Graduate Studies, Room 315, Administration Building

Time limits for withdrawals are stated in the Semester Calendar.

### Change of College or Major

Undergraduate students in the Colleges of Arts and Sciences, Business Administration, Communication and Fine Arts, Education, Engineering, and the University College may change their college or major by completing an application at the designated office of the college for the new major. These offices are as follows:

Arts & Sciences  
Dean's Office — MI 219  
Business Administration  
College Advisor — BO 426B  
Communication & Fine Arts  
Dean's Office — MJ 300  
Education  
College Advisor — ED 211  
Engineering  
College Advisor — EN 259  
University College  
Dean's Office — JN G-1

Graduate students may change their major by making application in the Office of the Dean of Graduate Studies, Administration Building, Room 315.

### **Change of Advisor**

Students may change advisor by making application to the college in which they are currently enrolled. After being assigned an advisor, the student should come immediately to the Records Office.

### **Change of Name, Address, or Social Security Number**

It is imperative that the student keep his/her name and address current on University records. Opportunity for changing addresses is provided on the "Student Information Form" in the registration packet. In order to change social security number or name, the student must come to Room 119, Records Office, Administration Building. Students who move should leave a forwarding address with the post office so that all University mail will reach them at their new address.

**IMPORTANT:** All changes should be made early in the semester to insure their processing before the next semester.

### **GRADE REPORTS**

A grade report showing the grade received, credit hours earned, and quality points earned, are mailed to the permanent address of each student at the end of the semester. The grade report will show cumulative hours attempted, hours earned, and grade point average.

### **Withholding of Grade Reports**

The University is required by State law to withhold grade reports, transcripts, and diplomas from students who have outstanding financial obligations to the University. Previous semester grades which were withheld may be obtained (with the proper release card and identification) in the Packet Center or Late Registration Center, when these are open, and in the Records Office thereafter.

**THE RECORDS OFFICE WILL NOT RELEASE ANY GRADE EXCEPT BY THE OFFICIAL COPY SENT BY MAIL. TO PROTECT THE CONFIDENTIAL NATURE OF THE STUDENT'S RECORD, NO GRADES WILL BE RELEASED BY TELEPHONE.**

### **ACADEMIC STATUS AND RETENTION**

Official notification of academic status is by means of the grade report processed to each student at the end of the regular semester. A complete statement of the policy regarding academic status and retention may be found in the University Bulletin.

Specific questions concerning academic retention/suspension should be directed to the Evening Academic Services Office, Room 167, Administration Building, between the hours of 12:00 Noon - 8:00 p.m. Monday through Thursday, and 8:00 a.m. - 12:00 Noon on Saturdays.

### **PRIVACY RIGHTS OF PARENTS & STUDENTS**

#### **ANNUAL NOTICE TO STUDENTS**

Annually, Memphis State University informs students of the Family Educational Rights and Privacy Act of 1974. This act, with which the institution intends to comply fully, was designed to protect the privacy of education records, to establish the right of students to inspect and review their education records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with The Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the Act.

Local policy explains in detail the procedures to be used by the institution for compliance with the provisions of the Act. Copies of the policy may be found in the following offices: Associate Dean of Admissions and Records (Records); Dean of Admissions and Records; University Counsel. The offices mentioned also maintain a Directory of Records which lists all education records maintained on students by this institution.

Questions concerning the Family Educational Rights and Privacy Act may be referred to the office of the Associate Dean of Admissions and Records (Records).

### **DIRECTORY INFORMATION**

"Directory Information" is defined as: The student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, the student's full or part-time status, and the student level. At the time a student registers for courses, the student may personally deliver to the Records Office, Room 115 (Attention: Assistant Director of Records) a written request that directory information not be released. This notification is effective only for the semester for which the student is then registering. Such information will then be withheld if the request is received within 14 days after the beginning of classes.

## **The Nikon Difference. It's uncompromising precision and technology that places every Nikon ahead of its class.**

When you look through a Nikon camera, you'll get to know the sense of utmost precision... of supreme responsiveness that tells you unmistakably this camera indeed is different.

You can enjoy this satisfying experience with any of today's Nikon cameras, even the least expensive. All express the same fundamental concept: that every Nikon must be designed and engineered to be the best in its class. And so, in every Nikon, you will find a rugged, lightweight metal body and metal shutter. A center-weighted meter system of proven accuracy, using exclusive Nikon electronics. A finder born of Nikon space camera technology resulting in superior brightness and fast, positive focusing accuracy. Gold-plated motor drive contacts, to assure corrosion-free reliability. In short, uncompromising excellence in every detail.

To these, each Nikon adds its own, special qualities. For

Nikon photography at its easiest, choose the low-cost, ultra-compact Nikon EM, with full exposure automation. For automation plus wide-ranging creative controls, the Nikon FE auto compact offers highest quality at a moderate price. If you prefer to select your own exposures, aided by accurate one-step metering, the rugged, versatile and easily affordable Nikon FM compact is for you. And, for the perfectionist, nothing can compare to the new Nikon F3—the professional standard for the 1980's.

Behind them all stands the Nikon system, the most comprehensive ever created for 35mm SLR photography. Nearly 70 world famous lenses, plus accessories for any and all applications, all quality-matched to your own Nikon, are ready to help you meet the challenges of today and tomorrow. See your Nikon dealer. Or write to Dept. N-45, Nikon Inc., Garden City, N.Y. 11530. Subsidiary of Ehrenreich Photo-Optical Industries, Inc. 

# For only \$19.95, we're getting through college the easy way.

We were never what you'd call great students; always trying to find ways to make our load a little easier.

But then we got smart. We bought a Casio FX-81 scientific calculator. Now we whiz through the square roots and logarithms that used to keep us up all night. Those same sine, cosine and tangents that we sweated through Freshman year are a piece of cake now.

Because the Casio FX-81 does 30 scientific functions, has true algebraic logic, an independent memory, factorials, and performs six levels of parenthesis at the same time.

So our Casio can take us through basic algebra all the way to advanced trigonometry, without even changing the batteries more than once a term.

And if we go on to graduate school, Casio has plenty of easy ways to get us through. They have credit card size scientific calculators, programmables, calculators with date and timekeeping functions, and units that do every imaginable function, all in that low Casio price range.

So thanks to Casio, we've got all these classes covered.

Now all we need is a Casio for our French class.

## These two TI slide rule calculators can help handle your tough assignments in school. And later on the job.

Choosing the right Texas Instruments calculator while you're learning will help you take more skills and knowledge into your career. That's because it will allow you to concentrate on theory and formulas, while it handles the math.

Look into these advanced, easy-to-use personal productivity tools from TI.

**The TI-55 advanced slide rule with statistics and programmability.** The TI-55 is a unique blend of hardware and software features. This powerful calculator with more than 50 math

and science functions comes with a 140-page reference, "Calculator Decision-Making Sourcebook". Working with them together helps you handle math involving statistics, trig, or logs. The book shows sample problems, step-by-step instructions and helps explain theory. The TI-55 has features like 32-step programmability, 10 memories, scientific notation, and AOS™, Algebraic Operating System.

**The Slimline TI-50 scientific calculator with statistics.**

A pocket-portable scientific calculator with more than 60 functions. Use it for trig, logs, and statistics operations. Has Constant Memory™, AOS™, for easy, logical entry, automatic power down (APD™), and scientific notation capability.

Be prepared for the future by getting the right calculator today. See the TI line at your college bookstore or other TI retailer.

## Make a business decision that can make a difference in class. And on the job.

Business math isn't just an exercise you find in class. It's a serious part of business. You'll be expected to put the concepts to use in your first job. And you'll be on to your next job faster if you can also show how to make good business decisions.

So choose a calculator used by business professionals. One that'll help you learn, yet is powerful enough to help you on the job. **TI Business Analyst II™ Executive Calculating System.** A unique systems approach to business decision-making. Solves time, money, profit margin and complex statistical computations easily

so you're free to explore "What if" situations. The system includes the *Executive Calculator Guidebook*, — more than 200 sample business and financial situations and solutions — a \$9.95 value. *Quick Facts for Business* is a handy reference for the most commonly encountered financial problems.

**The MBA™ with financial functions and statistics plus programmability.**

Computes cash flow, future/present values, interest, yields, statistical data, linear regression problems, and more. Has 12 memories, 32-step programmability. Comes with 288-page *Calculator Analysis for Business and Finance*, (a \$7.95 value) that's packed with sample problems and formulas.

Get a headstart on your business career with a TI calculator. See them all at your college bookstore or other TI retailer.

*Texas Instruments technology — bringing affordable electronics to your fingertips.*

Technics direct-drive.  
The turntable 73 of the  
top 100 radio stations use.

Performance and reliability. That's why 73 of the top 100 radio stations that use turntables use Technics direct-drive turntables. In fact, of those stations surveyed by Opinion Research Corporation, Technics was chosen 6 to 1 over our nearest competitor.

Why did station engineers choose Technics direct drive: "Low rumble"—as low as 78 dB. "Fast start"—as fast as 0.7 sec. "Wow and flutter"—as low as 0.025%. "Direct drive and constant speed"—as constant as 99.998%. Perhaps one engineer said it best when he described Technics direct drive as the "latest state of the art."

But Technics state of the art goes beyond performance.

Station engineers also depend on Technics direct-drive turntables because of "reliability and past experience" as well as "quality and durability." In fact, the most listened to classical music station, WQXR in New York, has depended on Technics direct-drive turntables since 1972.

You'll choose Technics direct-drive turntables for the same performance and reliability that's made Technics the turntable top radio stations use. And there are eleven Technics direct-drive turntables from manuals, to semi-automatics, to fully automatics, to changers. Starting at \$125 to \$600 (Technics suggested retail prices). So listen to Technics and hear the Science of Sound.

## This Technics direct-drive tape deck records with the accuracy that made our turntables famous.

Everyone knows what Technics direct drive does for performance and accuracy in our turntables. That's why 73 of the top 100 radio stations that use turntables use Technics direct drive. Now, for only \$330 (Technics suggested retail price), you can record your cassettes with the accuracy of Technics direct drive.

That says a lot about the RS-M45. So do its FG-servo DC direct-drive capstan motor, 0.035% wow and flutter, and the world's only cassette deck with a limited three-year warranty on the motor. (Limited two-year warranty on deck: parts & labor—with carry-in service & proof of purchase. See the warranty card for details.)

Equally impressive are the RS-M45's solenoid controls. They not only make switching from one mode to another simple and accurate, they also put minimal strain on the tape-transport system.

Just as special are the RS-M45's FL VU meters with auto-peak-hold reset. They're fast, electronic and highly accurate. And with our SX record and playback heads, you'll hear the increased frequency response (20 Hz - 20 kHz) and extended dynamic range of metal tape.

The RS-M45 isn't your typical \$330 cassette deck. In fact, when you consider performance, features and warranty, it's one of a kind. And that's very typical of Technics.

**2 FREE modules, 2 FREE Pakettes with a TI-59.**

**1 FREE module, 1 FREE Pakette with a TI-58C.**

Solid State Software™ modules and Pakettes can help you utilize the full capability of your TI programmable.

Modules turn a programmable into a dedicated calculator. Pakettes have selected programs you key in. The TI-58C. An exceptional value for a powerful programmable.

Up to 480 program steps or 60 memories. Plus Constant Memory™ that retains data when turned off. \$130. The TI-59. Top-of-the-line.

Up to 960 program steps or 100

memories. Plus magnetic card read/write capability. \$300. Buy now, or write for details.

(01) CREDIT NOT APPLIED TOWARD NURSING MAJOR

# Be on the Board of Directors at 22.

Think of a ship as a corporation, and it's not farfetched at all. A destroyer may have fifteen officers, other ships even fewer. Even the most junior officer gets to share in running the show.

You become part of the management team when you get your commission as an ensign after just 16 weeks of leadership training at Officer Candidate School.

Choose to be a Navy officer and you are responsible for people and equipment almost immediately.

Many officers go on for further advanced schooling. The Navy has literally dozens of fields for its officers—everything from nuclear propulsion to systems analysis, oceanography to inventory management. In graduate school, this training would cost you thousands, but in the Navy, we pay you.

Ask your Navy representative about officer opportunities, or mail this coupon for more information. Or call toll-free 800-841-8000 (in G'A call toll-free 800-342-5855). There's no obligation, and you'll learn about an excellent way to start a career in management. As a college graduate you can get management experience in any industry. But you'll get it sooner—and more of it—in the Navy.

## MINI COLLEGE PROGRAM

**Martha Armstrong, Coordinator**

**Office: Suite 265 - Administration Building**

Move Into A New Identity (MINI) is a program for mature men and women who want to resume or begin their college education but are unable to attend classes under the regular schedule. The MINI College offers personal, individual handling of admissions and registration procedures and special classes and teachers to ease the trauma of becoming a college student. For more information, contact Mrs. Martha Armstrong at 454-2381.

# How to:

Did you ever want to know how to manage your money to make every penny count?

You can learn how to do it.

We're the Consumer Information Center of the government. And our free catalog lists over 200 booklets, brochures, and publications that tell you how to do a lot of different things.

You'll find brochures about growing vegetables in tiny gardens. About food and nutrition. Home repairs, health and recreation. Even about buying a used car.

# Free catalog.

How to get the catalog that lists them all?  
Just write Consumer Information Center,  
Pueblo, Colorado 81009.

## INFORMATION ABOUT

### SUMMER 1981 COURSES

---

#### ADMISSION PROCEDURES

New students planning to enroll for any credit course or on an audit basis must be formally admitted to the University. Admission to the University must be fully cleared before any registration is authorized.

Any non-Tennessean who resides more than 150 miles from the University must file an application for admission or readmission prior to May 1, 1981. Anyone failing to do so cannot be assured of being considered for admission.

Any student who meets admission or readmission requirements after that date cannot be assured of registration before the first day of classes.

## SUMMER TRAVEL/STUDY PROGRAMS

In keeping with our commitment to international educational opportunities for Memphis State and the Memphis and Mid-South area, a number of overseas travel/study opportunities are planned each year to offer interested individuals the chance to enjoy a unique learning experience in another setting. These programs are coordinated by the OFFICE OF INTERNATIONAL STUDIES. The programs being considered for the Summer of 1981 are listed below. Information on any of these study tours (or programs offered through other schools) can be obtained in the Office of International Studies, Room 128 in Brister Library, or by calling (901) 454-2690. A request form is provided below for your use in requesting information on these Memphis State programs. The information will be sent as soon as it becomes available.

### PRE-SUMMER SESSION (May, 1981)

#### THE EUROPEAN COMMON MARKET: A TRAVEL/STUDY PROGRAM

This new program will provide students an opportunity to study and better understand the European Common Market by visiting and talking with officials at the E.C. headquarters in Brussels, Belgium. Participants may earn 3 credit hours in Economics. The program will be led by Dr. George Chrysomilides.

#### LONDON FASHION MERCHANDISING TOUR

Each year, Dr. Wanda Hartman (Home Economics) and Dr. Mary Anderton (Distributive Education) provide the opportunity for interested students to visit some leading fashion merchandising and distribution centers. This year's program will be based in London for ten days, one of the most exciting fashion centers in the world. Three hours of credit will be available.

## FIRST SUMMER TERM (June, 1981)

### EGYPTIAN ART TOUR

The annual art tour will visit Egypt this year following the Memphis-In-May celebration of that country. The program will allow for 2-3 weeks of travel viewing some of the art treasures of the world. Mr. Charles Allgood will lead the group and participants may earn 3-6 hours of credit.

### INNSBRUCK STUDY CENTER

This multi-discipline program will offer courses of study in a variety of areas, including business, special education, the social sciences, and German. The group will spend three weeks at the International House at the University of Innsbruck (Austria), but will also visit Munich and have opportunities for additional travel in a beautiful part of the world. Students may earn 6 hours of credit.

### SECOND SUMMER TERM (July-August, 1981)

### MEXICAN STUDY CENTER

Memphis State's Study Center in Guanajuato, Mexico will again offer students the opportunity to study the language, the culture, and the art of our Southern neighbor. Approximately four weeks will be spent in one of the most beautiful cities in all Mexico with a week in Mexico City to highlight the program. Six hours of credit can be earned in Spanish, art, and/or the social sciences.

### GREAT WESTERN TOUR

The Recreation and History Departments will offer credit in this unique program which allows participants to experience exciting areas of our own country and Western Canada. While participating in and understanding our heritage, students will earn 6 hours credit during this four week program. Coordinators will be Frank Simonton (HPER) and Dr. Jim Fickle (History).

## ADDENDA TO THE CATALOGS

GRADUATE AND UNDERGRADUATE ISSUE 1980-1981  
MEMPHIS, TENNESSEE DECEMBER, 1980

*Memphis State University offers equal educational opportunity to all persons without regard to race, religion, sex, creed, color, national origin, or handicap. The University does not discriminate on these bases in the recruitment and admission of students, the recruitment and employment of faculty and staff, and the operation of any of its programs and activities, as specified by federal laws and regulations. The designated coordinator for University compliance with Section 504 of the Rehabilitation Act of 1973 is the Vice President for Student Educational Services.*

### English Placement Essay

The English Placement Essay will be required of students scoring below 19 on the ACT English (or below SAT Verbal score of

450) to determine whether students should register for English 1101 (the regular course in essay writing) or English 1100 (an intensive review of fundamentals with a concentration on mechanics, sentence structure, and paragraph writing for those needing extensive help in mastering basic skills).

The essay will be administered daily to students who preregister during Orientation sessions. During registration week, the essay will be administered on Monday, January 12, in Scates Hall, Room 105 at 9:30 a.m. and 5:30 p.m.

The following courses were approved for inclusion in the offerings of the University after 1980-81 Catalog issue of the University *Bulletin* had been sent to the printer. Their publication here constitutes the official announcement of their addition to the University curriculum.

# TURN A WEEKEND A MONTH AND TWO SUMMERS INTO \$9,000 FOR COLLEGE.

Unlike many part-time jobs, ours fits into your schedule conveniently and is less likely to hurt your grades.

Because you only spend 16 hours a month with us during the school year, and it's usually on a weekend. The rest of your training is during the summer.

## VALUABLE TRAINING.

Instead of the usual boring, dead-end part-time job, we give you a chance to do something challenging.

At the same time, you'll learn a valuable job skill. Like Surveying. Auto Mechanics. Or one of many other career specialties, depending on your qualifications and your

local unit's needs.

## \$4,000 JUST FOR ENLISTING.

The first \$4,000 of the \$9,000 we mentioned is the college aid that many units still offer high school graduates as an enlistment incentive. It's paid in yearly installments of \$1,000 so you'll stay in college. (Not all units offer the college aid, so check with your recruiter.)

You can make another \$2,400 from the monthly training sessions.

The remaining \$3,000 comes from summer training which pays you over \$500 a month. This includes seven weeks of Initial Entry Training one summer, two-

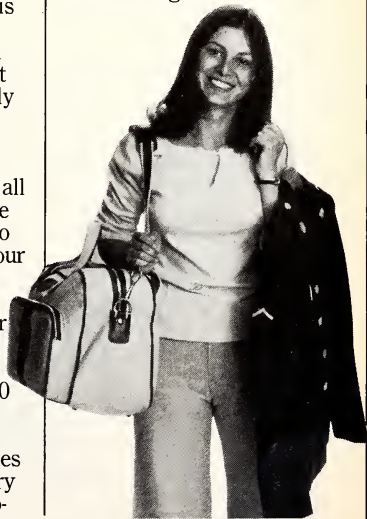

to-four months of job skill training the following summer, and yearly two-week training sessions.

The summer training usually gives you a chance to get out of town for a while.

## PLUS THE BENEFIT OF STAYING HOME.

Remember, this is the Army Reserve you're joining. So, with the exception of summer training, you'll be serving at your local Reserve Center.

For more information, see your Army recruiter. To locate the recruiter nearest you, call 800-431-1234 toll free. In N.Y., 800-942-1990. In Alaska or Hawaii, check the Yellow Pages under "Recruiting."

*John Newcombe*

# SATISFIED.

Nearly four years ago, John Newcombe became an accomplished photographer with the revolutionary Canon AE-1. The camera that took advanced electronics technology, unsurpassed optics and superior quality and made fine photography simpler than ever before. Now, John Newcombe has added a Power Winder, several lenses and accessories. To make himself an outfit that he carries everywhere. The AE-1 has made photography his favorite occupation. Next to tennis.

John Newcombe isn't alone. In the time since its introduction, more than one million Canon AE-1's have been bought in the United States alone and it's still going strong. Making it far and away the most successful camera of its type in history.

A million satisfied customers must know something!

What they know is this. The Canon AE-1 was, and still is, unmatched for its combination of cost and performance. It has shutter-priority automation that's as simple as focus and click. Shutter-priority automation is a long way of saying that you can get sharper

pictures, because you select a shutter speed fast enough to prevent blur and the camera adjusts the lens for the light. You get great pictures automatically, but remain in control. You can shoot with full confidence that every shot will be as sharp and bright as the next.

And, satisfied Canon AE-1 owners know

some other smart things too. They know that special Canon "A" Series Speedlites make the AE-1 the most automatic flash available. They set the AE-1's shutter speed and aperture as soon as they're ready to fire.

Satisfied Canon AE-1 owners also know that with the Power Winder A, they'll never miss a shot of the action because they can take fast single frames or sequences as fast as two frames per second.

Want to satisfy your curiosity? Ask your local Canon dealer why the AE-1 is his best-selling automatic reflex camera. When you buy your AE-1, you'll be opening a door into creative photography (and fun) that you may have never realized was there. And that's real satisfaction!
